

Project Spotify - 633.2

Dezipper le fichier

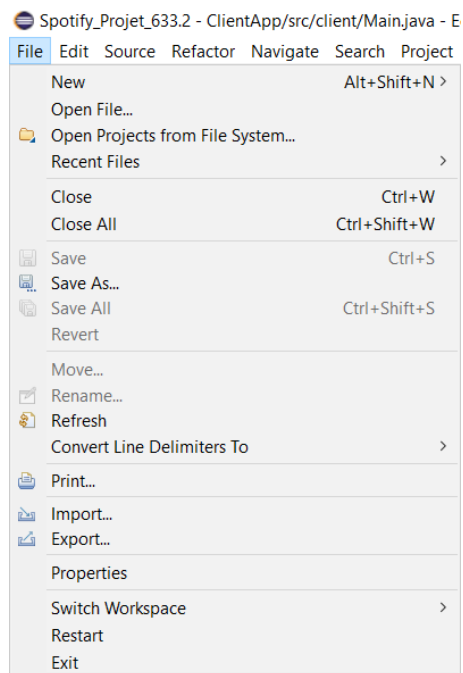

633-2_JavaProjec
t_MatthieuRoux-
QuentinBeeckma
ns.zip

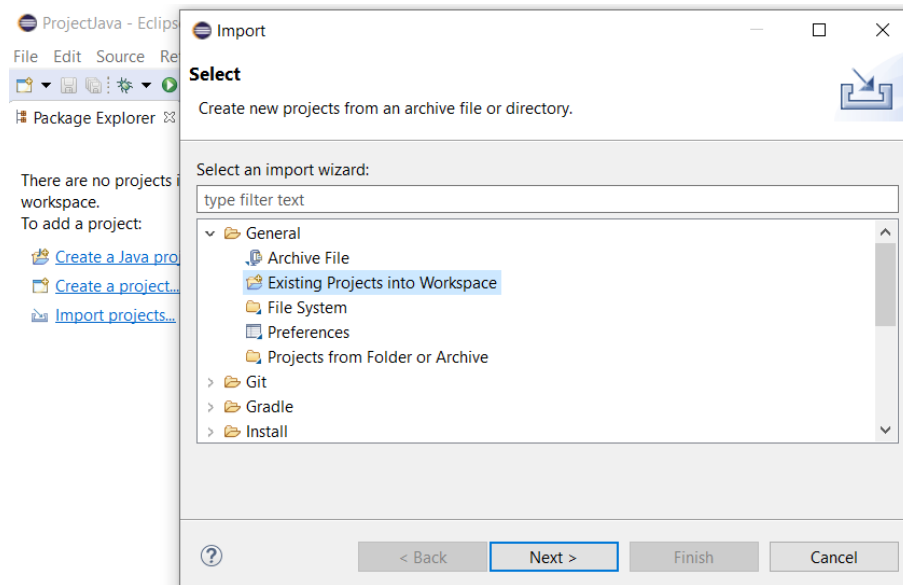

Ouvrir Eclipse et spécifier le chemin du dossier dézippé dans Workspace.

Dans Eclipse, faire File > Import

Choisir General > Existing Projects into Workspace

Et importez respectivement le dossier ClientApp et ServerApp

Import Projects

Select a directory to search for existing Eclipse projects.
